

BEFORE YOU BEGIN:

The UNICEF MICS Summary is a customizable template designed to be combined with your copy and graphics to create polished, professional-looking newsletters ideal for presenting MICS findings to a technical audience.

The template can be used with Adobe InDesign, QuarkXPress, and Microsoft Word, and may be professionally printed or printed from an office printer.

In the UNICEF MICS Summary Package, you will receive:

- The template, delivered as QuarkXpress, InDesign, and Word files

**** Pages may be added to the Summary to fit your needs.**

**** Each template comes in two versions: letter- and A4-size.**

Using the Template

The template has been formatted for easy, intuitive customization:

1. Select the sample text that will be replaced.
2. Paste in your articles, graphs and charts, captions, and logos.

**** The fonts supplied with the Template are not intended for use, but to be replaced with your own fonts. ****
